

# **Church Family Regathering**

## Safety Procedures and Guidelines

### Phase One

The following is a list of our Phase One church move-in guidelines. These guidelines are meant to help ensure that we present ourselves to the governor, local law enforcement, general public, media, and our church family, as having done more than what is required to ensure the safety of our church family during Phase One.

It is very important that our church family follows the Phase One Safety Procedures and Guidelines. Those who choose to attend must understand that their compliance with Phase One guidelines is necessary for the safety of others and the testimony of Solid Rock Baptist Church.

During Phase One, our church will not have nursery, children's church, on-site Sunday school classes, choir, or orchestra.

1. We will consult with and have the building evaluated by a professional commercial cleaning company specialized in disinfection and infection prevention and follow all CDC guidelines to disinfect the facility.
2. Our church family will park vehicles according to social distancing guidelines.
3. Everyone will be required to wear masks. We will have an outside Welcome Center Tent with masks available for those who need one.
4. Service leaders will wear masks when they are not on the platform.
5. Everyone will have their temperature taken by a touchless temperature scan. According to CDC guidelines, anyone 100.4 degrees or higher will not be able to attend.
6. We will have limited entrance into our church. Everyone please enter through the Main Lobby entrance.
7. We will have a touchless entrance. Entrance and exit doors will be propped open using door stops.

8. We will have hand sanitizing stations throughout the building.
9. Please reserve seats for you (*and your family*) at [solidrockinfo.org](https://solidrockinfo.org) before attending the service.
10. We will have limited, reserved, socially distanced seating. Each pew will have 6' social distancing spacers placed between attendees
11. We will have restrooms available for emergency situations only. One person/family at a time will be permitted into a restroom; the restroom will then be cleaned before the next person will be permitted to enter.
12. We will not pass offering plates. Offerings may be given in the offering plates located in the rear of the auditorium as guests exit or online at [solidrockinfo.org](https://solidrockinfo.org).
13. Words for the congregational songs will be projected on the screens. We will not use the hymnbooks.
14. At the conclusion of the service, we will have an orderly dismissal; ushers will dismiss by row starting at the back and moving forward to eliminate situations where we would not be socially distanced.
15. We will not congregate in groups in the parking lot. Everyone will be asked  
  
to remain socially distanced while in the parking lot.

We encourage our senior saints, those with compromised immune systems, and those with underlying health issues, to continue to enjoy our online services and not attend services onsite during Phase One.

Please pray for God to bless our regathering and to give safety to our entire church family.
